Answer the following questions about this book:

1. Did you like or dislike the book? Why?

I dislike the book. ~~Except for~~ the illustrations, since I'm not interested in artists' lives, the book is really boring to me.

2. Would you recommend this book to a friend? Why or why not?

Although I'm not a big fan of this book, the brief introduction of Claude Monet's life makes it a book I will surely recommend to someone.

3. (If the book is fiction) Who was your favorite character? Why?

(If the book is non-fiction) What new information did you learn?

I didn't know he had two wives!

4. If you could change anything about the book, what would you change? Why?

In order to let the readers know more clearly about Monet's painting style, I would add some photos of his paintings to the book.

5. Does the book have any connection with your personal life? Explain briefly.

Yes, it does. It reminds me of the notecards with Monet's famous painting which my mother bought in New York.

My Discovery 心得: (80~100 words)

Besides Claude Monet's masterful painting skills, we can find passion and persistence, both are required to fulfill our dreams, or him. While his action of painting one last picture of his diseased wife on her deathbed was crazy, it also showed his passion for art. Facing all the difficulties, along with passion, it was persistence that made him one of the greatest painters of all ages in the end. I hope these two traits can also be found on me in my lifetime.
