5. drew back 缺點	10. The Unified Field Theory 統一場論

A life will become meaningful and powerful  
just because it offers his help to those around it.  
people feel warm when they get close to a helper

Answer the following questions about this book:

1. Did you like or dislike the book? Why?

I liked the book because Albert Einstein is  
the person I respect the most. Besides, I like the

2. Would you recommend this book to a friend? Why or why not?

I would recommend this book to a friend because

I think this book can change your thinking about A. Einstein.

3. (If the book is fiction) Who was your favorite character? Why?

(If the book is non-fiction) What new information did you learn?

A. Einstein is my favorite character because of his words and deeds.

I learned that A. Einstein also had bad time in his life, but

4. If you could change anything about the book, what would you change? Why?

I would make the book more attractive, then more

people want to know the other things about the "genius."

5. Does the book have any connection with your personal life? Explain briefly.

I also study his theories, like special relativity,

general relativity and so on. From the book, I can know

My Discovery 心得: (80~100 words)

I think Albert was not only a physicist but also  
a humanitarian. He also helped others ~~cross~~ <sup>go through</sup> the misery.

And his achievement is the most important in the world.

From his life, we can learn our life is not only for  
ourselves, also we have to try our best to ~~offer~~ <sup>contribute to</sup> the

society. But I think the people in the modern society  
are always think about themselves. We are selfish. I wish

A. Einstein's thinking could ~~be~~ <sup>spread</sup> ~~fulfill~~ <sup>the</sup> in our world.

It's just like his saying "Only a life live for others is  
a life worthwhile."
